Saving Water is the Long Beach Lifestyle

News of California's drought has made water conservation top-of-mind. Thanks to sound planning and major investments by the region, southern California wholesalers and Long Beach Water are prepared for this year's dry conditions. However, our community still has to be diligent about saving as much water as we can. There are simple, easy things you can do to save water, whether you are a resident or a business owner. Continue the same water-wise behaviors you've already adopted into your daily lifestyle and check out liveh2olb.com for more ways to save.
